

## **STUDENT TRANSPORTATION IN PRIVATE VEHICLES**

In order to provide for their safety, students traveling to and from school-sponsored activities, including field trips, competitions and other co-curricular and extracurricular activities are expected to use transportation provided by the Ellsworth School Department (ESD).

The Ellsworth School Committee recognizes that there may be some occasions when transportation *from* a school-sponsored activity by a means other than that provided by the ESD may be appropriate, and authorizes the Superintendent to develop an administrative procedure describing how permission for alternative transportation will be given.

Adopted: **March 14, 2000**

Revised: **April 16, 2002** (per MSMA revision)  
**November 7, 2006** (formatting, grammar only)
